

GRADES TRANSCRIPT

Full name:

Personal identification code:

Studied according to the national high school curriculum at

Gustav Adolf Grammar School

specialising in the field of

Computer Sciences

Subjects and Courses	Course Grades	Final Grades	Total Number of Courses in Subject
Estonian			7
Language and Society, Practical Estonian I (1 st half)			
Language and Society, Practical Estonian I (2 nd half)			
Media Influence, Practical Estonian II (1 st half)			
Media Influence, Practical Estonian II (2 nd half)			
Functional Literacy and Self-Expression			
Text Specific Style and Language, Practical Estonian III (1 st half)			
Text Specific Style and Language, Practical Estonian III (2 nd half)			
Predicted State Examination Score (Estonian)	.../100 p		
Literature			7
Literature from the Classical Period Until the 19 th Century (Types and Genres I)			
Literature from the Classical Period Until the 19 th Century (Types and Genres II)			
Literature and Society I (Analysing and Interpreting Literature, Realism in World Literature)			
Literature and Society II (Analysing and Interpreting Literature, Realism in World Literature)			
20 th Century Literature			
Current Literature			

Mythology and Literature (Intertextuality)			
Comprehensive Mathematics			18
Thorough Revision of Middle School Maths			
Number Types and Expressions			
Equations and Systems of Equations			
Inequalities. Trigonometry I			
Trigonometry II			
Vectors in the Plane. Equations of Lines			
Probability and Statistics			
Functions. Numerical Sequences			
Exponential and Logarithmic Functions, Equations, and Inequalities			
Trigonometric Functions and Equations			
Limits and Derivatives of Functions			
Applications of Derivatives			
Integrals			
Vectors, Lines, and Planes in Space			
Geometry of a Triangle			
Planimetry			
Stereometry			
Applied Mathematics. Observing Processes. Revision			
Predicted State Examination Score (Mathematics)	.../100 p		
English Level C1			7
Cambridge C1 Advanced Exam Score	.../210 p. Level ...		
Russian Level B1.1			5
OR French/Swedish/Other Level B1.1			9
Physical Education			5
Track and Field I, Swimming I, Gymnastics I, Winter Sports I, Sports Games I			

Gymnastics I, Winter Sports I, Track and Field II, Sports Games II			
Track and Field III, Sports Games III, Swimming II, Gymnastics II			
Gymnastics II, Winter Sports II, Track and Field VI, Sports Games VI			
Compiling and Following an Individual Training Plan			
Physics			5
Introduction to Physics. Translational Kinematics			
Dynamics. Basics of Thermodynamics			
Electricity and Magnetism			
Electromagnetism and Optics			
Micro- and Macro-World			
Geography			3
Earth as a System			
Use of Natural Resources			
Population and Economics			
Chemistry			3
Basics of Chemistry			
Properties and Applications of Inorganic Compounds			
Organic Compounds Around us and Their Properties			
Gustav Adolf Grammar School History			1
History			6
World History I (Classical Antiquity Until Middle Ages)			
World History II (Middle Ages Until Late Modern Period)			
Estonian History I (Ancient Estonia Until Middle Ages)			
Estonian History II (Until the Turn of the 20 th Century)			
Contemporary History I (Estonia and the World in the First Half of the 20 th Century)			
Contemporary History II (Estonia and the World in the Second Half of the 20 th Century)			

Music			2
From the Middle Ages Until Classicism			
From Romanticism Until Present Day			
Art			2
Birth and Development of Art Until the 19 th Century			
20 th and 21 st Century Art			
Biology			4
Human Impact on the Environment			
Cells and Organisms			
Molecular Processes			
Heredity and Evolution			
Health			1
Family Planning. Introduction to Psychology			
Social Studies			2
Developing Societies, Governing a Democratic Society and Public Participation			
Managing a Society, World Developments and Politics			
Basics of a Research Paper/Basics of Entrepreneurship for Student Companies			2
National Defence			2
Multimedia Practicum: Creating an Educational Video			1
Additional Topics to Secondary School Mathematics			2
Additional Topics to Secondary School Mathematics I			
Additional Topics to Secondary School Mathematics II			
Basics of Programming and Robotics			1
Scientific English Level C1			1
Digital Geometry and 3D Modelling			1

Applied Mathematics in Natural Sciences			1
Web Design and Prototyping			1
Designing and Creating a Computer Game			1
Product Development and Technologies – Internet of Things			1
Robotics and Artificial Intelligence			1
Data Science and Machine Learning			1
Cybersecurity and Hacking			1
STEAM Project			1
Elective Subjects			

In Estonia, 1 course is equal to 35 classes in the first and second year and 30 classes in the third year to accommodate for the exam period. One class lasts 45 minutes.

Numerical grades: 5 (excellent – 90-100%), 4 (good – 75- 89%), 3 (satisfactory – 50-74%), 2 (unsatisfactory – 49% or below), P (passed), * (exam grade)

Letter grades: A+ (brilliant – 97-100%), A (excellent – 90-96%), B (very good – 85-89%), C (good – 75-84%), D (satisfactory – 65-74%), E (minimum – 50-64%), F (unsatisfactory – 49% or below), P (passed), * (exam grade), AR+ (passed with excellent results), AR (passed), MA (did not pass)

In accordance with § 18 (1) of the National Upper Secondary School Curriculum, the final marks of upper secondary school certificates are converted into a 5-point system as follows: „A+“ and „A“ = „5“; „B“ and „C“ = „4“; „D“ and „E“ = „3“; „F“ = „2“.

Expected average grade in the graduation report:
